ORDERS CALLED FOR AND DELIVERED

TRAVELLER WILL ADDRESS MEN OF McGILL

Has Seen Long Service in Twenty-two Countries

SHERWOOD EDDY

The Challenge of the Present World Situation to America

Sherwood Eddy, traveller, writer, and speaker, a man who has spent twenty-four years of service in lands abroad and is now a world figure in Christian leadership, will speak to the students of McGill at Strathcona Hall to-morrow night. Mr. Eddy's work among students in Asia and Europe has taken him into twenty-two countries and he is well-fitted to deal in true perspective with the present world situation as a moral challenge to America. He brings a story of vivid narrative and thrilling interest to the young men of America to-day. "Danger Zones of Two Continents" is the subject of his address.

Mr. Eddy has just returned from Europe where he has been making a study of political, social, and industrial problems. He has had special opportunities for interviews with the leading men of Europe, members of cabinets, employers and labour leaders as well as students and professors of continental universities. On his recent visit to Germany he had extended interviews and conferences with President Ebert, the Minister of Reparations, the late Chancellor, and representative leaders of the universities, of labour, of church and state. It is out of living experience with men that he can speak upon the present world situation.

Mr. Eddy's power of oratory and of vivid presentation of his subjects are well illustrated by the huge audiences which have gathered to hear him in every country. In Hong Kong, for instance, 4,000 students and business men attended and it was necessary to hold three meetings in three successive hours in one of the largest theatres in the city to accomodate the crowd. In Cairo, two theatres were filled each night, and the attendance rose from over 2,500 a night in that city to more than 6,000 in Assiut.

Sherwood Eddy graduated at Yale in 1891 and five years later went to India at his own expense. After fifteen years of work among the students of the Indian Empire, he was called to be Secretary for Asia for the International Committee of the Y.M.C.A. Nine years of service in this capacity among the students and officials of India, China, Japan, the Near East, and Russia were characterized by the brilliance, energy, judgment, and devotion so singularly combined in this young statesman.

In 1912-13, Mr. Eddy was engaged

PROMINENT GRAD CALLED BY DEATH

Lewis Alexander Hart, Arts '66 Dies at Home

In the death of Lewis Alexander Hart, M. A.—B. C. L.—N. P. the alumnae of McGill suffer the loss of one of their most illustrious members. The late Mr. Hart first entered McGill in the Arts' Class of '66, at the youthful age of fifteen. Upon the completion of the course in Arts he entered the law office of a local attorney: And there secured his apprenticeship. Later he again resumed studies at McGill, this time leading to his degree in law. With this degree he received for his industry, the Class Prize and a special prize offered for Roman Law.

At the age of twenty-two he was admitted to the profession of Notoraries and soon afterwards took on the duties of lecturer in Notarial Deeds and Proceedure in the faculty of Law.

His contribution to literature is marked and best known by his book "A Jewish Reply to Christian Evangelists" in which he strives to make clear the Hebrew viewpoint of the present day.

In addition to his immediate relatives Mr. Hart leaves two grandsons now at McGill, one Gordon, D. of Com. '24 the other, Lawrence, E. of Arts' '27 also one grandnephew, Stanley David of Com. '27.

The University of Cincinnati will have a new men's dormitory with accomodations for 250, ready for occupancy by January 1. The dormitory will cost $285,000.

WHAT'S ON

TO-DAY

12.00 m.—R.V.C. Medical Examination at S.C.A.

GOVERNMENT PLATFORM IS ANNOUNCED

Has Worked Hard for the People's Benefit

MEET THURSDAY

To Deal With European Situation, Immigration, Railways and Defense

Never before in the political history of this Dominion has a government given more thought and deliberation to the policies which are to be placed before the house on Thursday evening. With the publishing of their platform to-day the government can well afford to smile at the accusation of dilatoriness made by the would-be popular politicans of the Constitutional Party. The "grave questions of public concern" would find an easy solution at the hands of the opposition, but happily for the country they are not in power, and those same 'grave questions' are given the serious thinking necessary by the government before they are put to the house for discussion: some of the planks in the platform of the government are as follows:

1 Bring economic pressure to bear on France with a view to securing her withdrawal from the Rhur and her acceptance of the following:—

1 No fixing of Germany's capacity to pay and the methods of payment by international commission of experts, with a perfectly free hand:

2 The handling of the problem of Germany's economic and financial restoration to the League of Nations for settlement on lines similar to those followed in Austria.

II Emphatic opposition to any monarchist restoration in Germany.

The Government will also include in the above resolution—the recognition of the Russian Government by the Empire Immigration.

The Government will take measures to stop the emigration from this country to the United States and also to bring suitable immigrants as fast as our country can absorb them, with a view to a more equal distribution in the future than there has been in the past.

Tariff: Protection of Home Indus-

NEWS BOARD

There will be a very important meeting of the News Board of the "Daily" to-night at 7.00 o'clock in the office. It is urged that every man be on time as vital questions are to be discussed.

LETTERS TO BE AWARDED AT SMOKER

Walter Molson to Fill Place of Principal

CROCKER TO PLAY

Vernot to Receive Special Award for Olympic Win

A departure from the custom of previous years is being taken in the presentation of the athletic awards and trophies for the session of 1922-23. These are to be presented at a huge smoker held in the McGill Union to-night at 8.15. Every effort has been made to make this smoker a success and it is expected that the student body will turn out en masse.

The senior officers of the various clubs are expected to be present to receive their respective trophies.

It has been announced that Sir Arthur would attend the meeting and would himself present the awards. But the principal will be unable to be present because of other engagements, through no fault of his own, but because of some misunderstanding when the arrangements were being made. He sincerely regrets his inability to be present. And his absence will be just as strongly regretted by the whole college for the entire student body know that the principal's very heart is in every affair of this kind. In his place, Mr. Walter Molson, who is well-known to all McGill undergrads, will present the awards. "Monty" Montgomery, captain of the 1919 Intercollegiate champions; George Macdonald, a prominent and popular graduate; and "Hammy" Hamilton, president of last year's students' Council, will speak.

The B. W. and F. club have arranged the staging of a boxing bout between two noted fighters, and a five-minute fencing competition.

During the intervals between the various events the University Mandolin Club will supply music, which, it is certain will be up to their usual high standard of playing. The club have been practising steadily for weeks and there can be no doubt as to the fine brand of music they will supply. Williard Crocker's new McGill March Song will be introduced by Crocker himself, and will also be sung by a quartet.

Cigarettes will be supplied to all, and at the conclusion of the smoker the cafeteria will be open.

Hundreds of awards are to be presented, including twenty-five big "M's" to members of the Rugby, Track, and Hockey teams, and a special award to G. Vernot who represented Canada in the Olympic games of 1920.

These do not include those won already this session, which will be presented at another smoker next spring.

UNIVERSITY HAD NO TELEPHONE SERVICE

Was Disconnected Yesterday Due to Fall of Pole

The University's telephone system was completely disorganized yesterday afternoon through the falling of a telephone pole and transformer at the south-east corner of Milton and University streets. A few minutes before the first accident, a huge tree was torn from the roots and fell laterally across the roadway leading to the Milton street gate to the campus. As there were no aerial disturbances at the time, the cause of the accident still remains unexplained. The foreman in charge of the repair work suggests that the large amount of snow which had collected in the branches of the trees and around the transformer was instrumetal in causing the falls.

Repair work was begun early yesterday morning, but towards the afternoon it was found necessary to cut the wires giving the university its telephone connection, thus rendering the Bursar's office and other buildings without service. The telephones in the Union however were unaffected and late yesterday afternoon several persons in authority around the registrar's office were seen there availing themselves of the telephone service.

n the immediate vicinity when the

Though there were several people in the immediate vicinity when the accidents occurred, no injuries were reported.

PLAYER'S NAVY CUT CIGARETTES

More sold than all other brands combined

Beautifully Cool and Sweet Smoking

Envy Incites Falsehoods

Again it has come to our knowledge that some unscrupulous shoe dealers and even manufacturers of shoes are making untrue statements—such as—

"That Dack's do not make all Dack shoes, as they could not possibly make all they sell."

Some dealers have stated that Dack's buy from the same manufacturers as they do.

Some manufacturers have stated that they make the same shoes that Dack's sell—

All These Statements Are False

The Truth Is-

Every pair of "Dack" shoes is made in Dack's own factory at the Toronto Shop—

The only footwear sold by Dack's that is **not** made by Dack's are a few special lines of slippers—running shoes etc., and these are plainly marked "made expressly for Dack's."

That Dack Shoes can only be obtained **directly** from Dack's at their own shops in Toronto, Montreal, and Winnipeg, or by mail.

Over 98% of the footwear sold by Dack's is **made by Dack's.**

Come into our shop and see the exceptional values offered in Dack Shoes—or if you live out of town send for our new illustrated style book and measurement chart. In either case you are assured accurate fitting and highest quality.

BOOKS AND THEIR ABUSE

We meant to write lots of things last night. We had ideas on this, ideas on that, but some flitted from our brain, while others were chased away by exterior forces. And so it was that we went in search of further thoughts and we were led to a crumpled and much disused looking pile of exchanges. Truly a treasure trove, a valuable chest of ideas which could not be overlooked. But though we sought only ideas, we found an article in The Baylor Lariat on the abuse of books, which is worthy of reprinting. It is not of great length, but we enjoyed it, appreciated it, and pass it on to our readers for their approval and mental digestion. The article is as follows:

"Books are abused by a great many people. An aimless pencil scribbles meaningless nothings on the fly leaves and along the margin of the pages. Oftentimes the covers are almost torn off as they are slung by a careless hand to the table or to the floor.

"But this physical abuse is not the worst type of treatment they receive. Sometimes they occupy the same place on the bookshelf for decades always adorned by the same gray dust which piles up noiselessly and gradually over them as the years slip by. They plead dumbly for attention to the philosophies of their pages, but the deafening whir of frivolity is more appealing to men, and so they continue to stand, until one day new books with new and more ornate covers in keeping with the season's latest tapestries of the library replace them.

"However the worst and most cruel treatment of a book is its separation from its master by a careless borrower. The scholar loves his books and he does a human friend, and they, he believes, return his devotion.

"The books plead for more consideration, and that you, who are so careful about the return of a borrowed postage stamp, should treat them with like regard.

McGILL MEN ACCUSED BY THE GAZETTE

Students Charged With Misconduct at Anti-vivisection Meeting

MEN EXONERATED

Pres. of League Says Students Not to be Blamed for Following Professors' Precepts

Last Thursday night a public meeting of the local anti-vivisection society, a branch of the Anti-Vivisection League of Canada was held. The speaker of the evening was Mr. Robert Logan, president of the Anti-Vivisection League of America. Most of the audience were McGill medical students, and it has been suggested that their conduct was of an unruly nature. The following letter from the president of the Anti-Vivisection League of Canada who was chairman of the evening, has been received by the president of the Union, in which the students of McGill are completely exonerated:—

To the President,
McGill Union.

Dear Sir: Possibly I may not be addressing the proper body, but I want to express to the students who attended Mr. Robert Logan's address in Victoria Hall my regret that the Gazette made out their conduct as unruly. Especially is this so, because as chairman I publicly thanked them from the platform at the close for giving such an attentive hearing. There were quite a number of students present, and wherever a large body of them are gathered together there is always a moment or too when bottling up one's feelings seems difficult, but outside of this they were a credit to McGill. There was but one exception and I don't even know if it was a student or not—that was when some one asked what the lecturer was "getting" out of the lecture! It really wasn't a polite question, but I want to say that not one of our lecturers ever receives a penny for their services. It is against their code of honour, and against ours, so that question may be considered as answered once and for all. Mr. Logan even declined to allow us to defray his travelling expenses, paying them all himself, which he often does.

BUDDING ORATORS GIVEN OPPORTUNITY

Impromptu Speaking Contest at Delta Sigma Society

The Annual Impromptu Speaking Contest of the Delta Sigma Society will take place in the Common Room at four o'clock on Thursday, Nov. 21st.

This is an event eagerly looked forward to by the members of the Delta Sigma Society, as one of the most interesting as well as amusing meetings of the year. Each speaker chooses a slip of paper containing the subject she must speak on. She is then given several minutes to prepare her speech and as many more in which to speak.

The subjects this year promise to be very original and interesting both to the speakers and the audience. It is desirable that many people sign the notice put up in R. V. C. for the purpose of announcing who is to speak. It is an opportunity to overcome this diffidence as well as to gain valuable experience in public speaking.

It is hoped that all the members of the Delta Sigma Society will be at the meeting on Thursday, prepared to make this one of the most successful meeting of the year.

There is no doubt that the students can help to make a pleasant evening or they can make it otherwise. I think, however, that all that is needed is a spirit of give and take, more understanding to reach each other's points of view.

The students' point is not that of the League, but we recognize that it is only natural that they should begin by thinking along the lines taught by their Professors. It is the doctrine, not theirs, to which we are opposed, and I am sure that, as the students grow older they will come to feel that there is, at least, right on both sides. The future will show whether I am right or not. It is that spirit that I ask the students to hold.

May I hope they will always feel themselves welcome at our lectures. Some will be lectures only, but I should like to some time have a regular debating evening, should it not prove too difficult to secure several men to come at one time.

Hoping that this will be received in the same spirit in which it is sent,

Believe me
Yours very truly,
Louis Delgrisay
A.-V. L. of C.

NOTICES

HISTORICAL CLUB

The third meeting of the Historical Club will be held at the residence of Prof. W. T. Waugh, 54 Robert Ave., Outremont, on Tuesday evening next, November 27th, eight o'clock. G. T. Latteur and P. S. Smith will read papers on "France." Prof. Waugh's house may be reached by taking the Outremont or Cartierville car as far as Bellingham Road, then proceeding along Cote St. Catherine Road to Robert Avenue, the second turn to the right. No. 54 is at the extreme end of the avenue. Students living in the vicinity of McGill should allow themselves half an hour to reach their destination. Members living in Westmount may reach Robert Ave., by Cote des Neiges Road.

DIVINITY SOCIETY

There will be a meeting of the Undergraduate Society of the co-operating Theological Colleges on Wednesday, November 28th, at 8 p.m. in Divinity Hall. All Divinity students are asked to be out.

ARTS UNDERGRAD

The Arts Undergraduate Society will meet in the Ballroom of the Union at 8.00 o'clock on Wednesday evening, November 28th. An attractive programme has been arranged followed by refreshments. All Arts Undergraduates are urged to attend.

DR. SHARMAN AT R. V. C.

Dr. Sharman, of the S. C. A. will meet any R. V. C. girls during the week beginning November 26th, at the following hours:—

Monday, Wednesday, Friday at noon.
Tuesday at 5 p.m.
Thursday at 2 p.m.

INDOOR BASEBALL

Schedule for Second Round

Nov. 27 5-6 Med '25—Theo '26
Nov. 27 6-7 Sc. '26—Arts '26
Nov. 29 5-6 Arts '27—Med '27
Nov. 29 6-7 Arts 25—Comm '24.

R.V.C., S.C.A.

The S.C.A. of R.V.C. will hold a luncheon on Saturday, December 1st, at one o'clock, after which Dr. Aggrey will give an address. All those who wish to attend are requested to sign the list on the S.C.A. board at R.V.C. before Friday.

R. V. C.

The second meeting of Dr. Sharman's Group of R. V. C. students will be held at 12 o'clock to-day at Strathcona Hall. Further meetings will be as follows:

Wednesday and Friday at 12 o'clock.
Thursday at 2 o'clock.

R.V.C. '24.

There will be a basketball practice to-day at two o'clock in Molson's Hall.

R.V.C. '25.

There will be a basketball practice to-day at two o'clock in Molson's Hall. L. Chalk, E. Petrie, E. Baker, M. Lough, M. MacWalters, M. MacLaren, and E. Greene are asked to turn out.

SCIENCE '25.

There will be a class meeting of Science '25 tonight at 4.45. All up, please. Athletics and other things to be discussed.

ARTS RUGBY

There will be a meeting of the Arts Rugby team in the Arts Building today at 12 o'clock for the purpose of discussing plans for next year. A full attendance is requested.

ROWING CLUB

All interested in the formation of a Rowing Club are urged to be present at a meeting in the Union at 5 this afternoon.

ARTS '25.

There will be a meeting of the class on Wednesday at 4 p.m. to attend to the nomination of a member for the Students' Council from Arts. It is imperative that all the members of the class be present for this purpose.

MARITIME-WESTERN CLUBS

A meeting of the executives of the McGill Maritime and Western Clubs is called for Thursday afternoon at 3.30 at Strathcona Hall.

BASKETBALLERS

A meeting of the first and second year basketball representatives will be held in the Reading Room of the Union at 5.00 p.m. to-day.

Coach Van Wagner will be present to arrange practice-hours and schedules of Fresh.-Soph. League which begins next week. It is important that an executive of each year be present if no basketball representative can be elected beforehand.

ARTS '27.

There will be an Indoor-baseball practice to-day at Molson Hall from 4 to 5. All fellows who have played any baseball are requested to turn out.

McGILL MANDOLIN CLUB

Instead of the usual practice at Peate's the club has consented to play at tonight's Smoker. Everyone out at 7.45 p.m. at the Union as we want to make a good showing. Free box of smokes, incidentally!

ST. JAMES LITERARY SOCIETY

Mr. E. W. Beatty will address a meeting of the St. James Literary Society this evening. Since this meeting is not a regular one, the McGill staff and students are cordially invited to attend.

INTERCLASS HOCKEY

There will be a meeting of the class managers on Wednesday at 5 p.m. in the Union. No entries will be accepted after this date. All classes wishing to enter should send representatives.

A. L. Morris,
Manager.

CLUBS AND SOCIETIES

Will all clubs and societies who would like to have their photographs appear in the 1925 Annual kindly communicate with the photographic editor, B. K. Boulton, Plateau 354.

AMERICAN CLUB

Tickets for the American Club dinner may be had from Faculty Representatives. Dinner will be held at Venetian Gardens on Thursday, the 29th. at 6.30.

Verse and Otherwise

The young damsel was in great distress
because her nose was shiny
And there was no powder on her puff,
so very white and tiny.
She passed a boy, who was eating
marshmallows from a can
And said to him, "please give me one
and be a little man."
"Why, yes," said he, "but only one
this time."
"Thank you," said she, taking it and
soon removed the shine.

Collegian.

She leans her head upon his coat,
The color left her cheek.
But on the collar of his coat,
It stayed about a week.

Sergeant (to colored sentry): If anything moves, you shoot.
Sentry: If anything shoots Ah moves.

ROWING CLUB IS TO BE ORGANIZED

Old McGill Men Interested Urged to be Present

The first move towards the formation of a Rowing Club at McGill University will be made this afternoon at 5 o'clock, at a meeting to be held in the Union.

Recently a proposal was made by the Lachine Rowing Club in which the latter club offered McGill the use of their shells, provided such an organization could be formed at the College. This is a move similar to that made several years ago in Toronto by the Argonaut Club of that city to the University of Toronto. As a result, Varsity now has a strong club, and its Senior Eight, through its splendid win last July at the Royal Canadian Henley, is to represent Canada next Spring at the Olympic games in Paris.

The suggestion made by the Lachine Club is to the effect that McGill men be allowed the use of their machines for pre-season training, and later shells will be provided for the use of the college men.

One of the main sponsors of the idea is Col. Bovey, himself an old oarsman; also two quite famous graduates, "Boo" Anderson and "Teedles" Thompson. These two men both rowed in the Henley at St. Kitts this summer for Lachine, and are naturally quite enthusiastic over the formation of a club at McGill. The club's activities need not be confined to undergraduates, the idea being that graduates be admitted as members of the club, as at Varsity.

Rowing, in the American colleges, is one of the most popular sports, and their rowing classics each year create as much interest as do their football games. In the majority of colleges there it is regarded as a major sport, and there is no reason why it should not develop as such here at McGill.

It is known that there are several "sweephandlers" about the college who have rowed in England, the Eastern provinces, at the Henley and in the west, and in addition there are numerous men who would grasp the opportunity of taking up rowing, were it presented to them. A large turnout of these men this afternoon would make the club a surety. Members of the Lachine Rowing Club will be on hand to put forth the proposals of their club.

WELL-KNOWN DANCER HONOURS M.S.P.E

The M.S.P.E. Undergraduate Society were delighted to receive a letter from Madame Pavlowa, the World's Premiere Danseuse, in which she graciously accepted their invitation to become an Honorary member of their society.

Some time ago, at a School meeting, it was decided to write to Madame Pavlowa and invite her to honor the M.S.P.E. by becoming their first Honorary member. In reply to this letter, which had been following the famous dancer for some time, the members of the M.S.P.E. were very pleased to receive a most cordial letter stating her willingness to accept the invitation which had been extended.

MUSIC CLUB MET IN UNION YESTERDAY

First Concert of the Glee Club Soon at R.V.C.

MAKING RECORD

Mandolin Club at Work on Victor Record of College Songs and March

Satisfactory progress in the activities and practices of the University's Glee Club and Mandolin Club was reported at a meeting of the McGill Musical Association held in the Union yesterday. The president of the Association, Robert Logan, was in charge, while representatives of the Classical Music Club, the Glee Club and the Mandolin Club were present and gave short outlines of the work of their respective organizations.

On the evening of Monday, December 10, in the R. V. C., the Glee Club will give their first concert of the year. All indications point to a most successful and worth-while presentation of high-class entertainment. The club's practices have been consistent and regular. So far the attendance has been equal to last year's and it is expected that after the first concert it will be largely increased. As far as can be at present ascertained the sale of tickets for this concert is progressing at a very satisfactory rate.

The activities of the Mandolin Club are at present centered in the making of a record for the Victor Company. A medley of college songs, including Crocker's new McGill march, is being arranged and will be played by the club for this purpose. The members expect to have the work on the record brought to completion before the end of this session. They will then be free to consider the presentation of a theatre concert. It was stated that the club was all ready for to-morrow night's Athletic Smoker, at which mandolin selections will be given in the intervals between the various events.

As yet the Classical Music Club has not been organized for this term. This is largely because definite arrangements for the procuring of a piano have not been completed. Word from the Student's Council regarding this matter is being awaited. However, it was decided that a start in the club's activities and the formation of an orchestra should be made. Accordingly a meeting of all interested in this department of music will be called at a very early date.

A letter to the Student's Council was read by the secretary, in which the constitution of the Musical Association was submitted for approval.

The next meeting of the association will be held on December 17.

Famous Last Line

"I'm so sorry, really, I am."

CORRESPONDENCE

The Daily is not responsible for sentiments of letters published in the correspondence columns. Signed communications from graduates, undergraduates and members of the faculties will be placed in print if they are not of too great length.

Correspondents are requested to observe the unwritten law of the newspaper office—that they write upon ONE SIDE of the paper ONLY.

No communication will be admitted in this column without the name of the writer being attached, not necessarily for PUBLICATION.

The Editor,
McGill Daily,

Dear Sir,—The writer would like to take this opportunity of complimenting the Athletic Management on their efficient and prompt delivery of the Football Season Tickets. On every occasion the tickets arrived several days ahead of the game. At the Stadium, the disposal of the spectators was effected rapidly and with no confusion.

In my opinion the Season Ticket is far more satisfactory than a game to game purchase of seats. It enables the purchaser to select his seats where he wishes, and gives him the same seats every game. One trip buys his tickets for the season. (Time and trouble saved).

The ticket included four senior Canadian Rugby games, one Senior English Rugby, and one intermediate Intercollegiate game. The face value of these tickets was $8.35, the cost of the Season Ticket, $5.00. (Money saved).

Certainly the writer most heartily endorses the Management's effort in putting out the Football Season Ticket.

Truly Yours,
J. C. Elder, Sci. '20.

C.O.T.C. ORDERS

SPECIAL NOTICE

All men who intend to go in for their A and B certificates should attend the lectures, which are given from time to time. On Tuesday, 27th, there will be one on "The Attack," by Lt.-Col. R. O. Alexander, D.S.O., in Room 33 of the Engineering Building. This will be particularly interesting.

The A and B certificates are especially valuable to a man, in after life, as they show him how to command men. It is of extreme importance to all, who wish to get these certificates, to attend all of these lectures.

PRACTICE OF HOCKEY TEAM AT U. OF T.

Many Good Players Among Juniors

SHOW GOOD FORM

Harris, Hudson and Westman Out Again This Season

Last Friday afternoon the Varsity hockey squad assembled for their initial work-out in preparation for the coming season and according to reports they will again be serious contenders for the Intercollegiate title.

Chief among the large turn-out were Somerville, George Westman, Lou Harris, Bert. McLeod, and Hudson with Sullivan in goal. During the practice Somerville was at the left wing, Hudson at centre, with George Westman at right wing. It will be remembered that Hudson, was a strong addition to last year's aggregation and together with Carson accomplished a great many fine plays. Lou Harris played defence and benefited by his last year's experience should prove a strong player.

Approximately twenty juniors turned out and amongst these some excellent material is to be found. Plaxton was placed at centre and proved very fast while Bishop, who opposed Plaxton, was fast and tricky and although light may prove useful. MacKenzie and Red porter work well at defence and present to the forwards of the opposing team a stiff barrier. The position of goal, which was last year filled by Thompson is contended this season by Dickenson, Gooch and Stollery, nd Coach Smythe has nothing to worry over in this department.

Although Vasity has lost some good players they have strong group of veterans, who with the aid of the excellent new material available should build up a very strong aggregation.

BOXING CLASSES WELL ATTENDED

Intensive Training for Inter-faculty Championships

With the approach of the Inter-faculty championship tournament the members of the boxing class have begun intensive training and already show fine form. Last Tuesday the regular Collegiate rounds were indulged in, together with finishing exercises and instruction work. This was carried out at a brisk clip. In addition, shadow-boxing and bag-punching were practised.

Last Thursday thirty-five minutes was devoted to boxing proper. No one knows the mysterious method by which Coach Ernie Robinson keeps in condition, but sufficient to say that ere the class had completed their work, he had indulged in twenty-three rounds of boxing with different men.

If not at all times heavy, the work is fast, for speed is at all times a cardinal feature and if any degree of efficiency is to be obtained, this is necessary.

It is very satisfactory to the coach to see so many new men out and to watch them progress as rapidly as they are doing. This is not entirely due to the teaching of the "manly art", but to the fact that they are continually becoming stronger physically.

There have been many enquiries as to when the competitions are to take place. As far as is known these will be during the first week in December, and will be completed in a few days prior to the Christmas holidays.

If any advice is wanted or anyone has any question to be settled, the boxing coach is at the service of all. Many are showing a keen interest in boxing this year, and no doubt find that the time required for practices are not inconvenient.

All who participate this year fully realize that although at all times it has not been a garden party, yet it has been thoroughly enjoyed and feel that the training has been very beneficial.

UNIONS TO CONVENE AT U. OF MINNESOTA

Jim Packham, president of the Union House Committee, leaves tonight to attend a convention of Union Presidents held in Minneapolis, Minn., at the Union of the University of Minnesota.

These conventions are held annually, and many new ideas are obtained in this way by the presidents attending, which can be used to advantage in the work of the various Unions.

Last year's convention was held in Hart House, Toronto, and was attended by Bert Rochester, last year's president of McGill Union House Committee, while the previous year's convention was held at the Harvard Union, University of Harvard.

"My daughter sprang from a line of peers," said a proud father.

"Well," said her suitor, "I jumped off a dock once myself."

BIG TURNOUT AT WREST. PRACTICE

Furness Broke Collar Bone Through Accidental Tripping

There was an unusually large attendance at yesterday's wrestling practice, but this unfortunately is not generally the case. Coach Smith thinks that those who belong to the Wrestling Cub have become rather slack in turning out, particularly those who joined the club in former years. There is some very good material in the club, and it is hoped that some first-class wrestlers will be developed. Last year's heavyweight champion of McGill, Rumple, and Freedman, who holds the light heavyweight championship, are out this year to encourage the others. Yesterday's practice was simply a work-out, and no new holds or grips were taken up.

There was an unfortunate occurrance when George Furness, while wrestling with Adams, accidentaly tripped and fell. His shoulder landed off mat, and his collar-bone broke in the middle as a result of the fall. Dr. Harvey was called and came immediately. He took Funess to the Royal Victoria Hospital in his car, after pronouncing that the general condition of the wrestler was not serious. Furness will probably be in the hospital for three or four days. He is staying in the Students' Room, adjoining Ward F, and may receive visitors. He is in the fourth year Science, and has been staying at the Presbyterian College.

LETTERS TO BE AWARDED AT SMOKER

(Continued from page 1)

Many cups and trophies for Intercollegiate championships will be presented, including the A. Wilson Canadian Intercollegiate Basketball cup; the H. E. Herschorn Intercollegiate Water Polo Trophy; the Dr. Tait MacKenzie Track Trophy, a fine piece of sculpture by the donor, which has been with McGill six years; the Canadian Intercollegiate Lawn Tennis cup; the Dartmouth carnival Intercollegiate Ski Relay Race Trophy; the Fred R. Whittall cup for International Intercollegiate Ski and Snowshoe championship, while there is also the Montreal City and District Basketball League Trophy. There is apparently no cup for the E. W. and F. championships.

Inter-class and inter-faculty awards will also be presented, but most of these trophies, which were contested for by McGill students years ago, have been allowed to fall into the discard. Among these are the Interfaculty Hockey Trophy presented by J. Bonsall Porter; the Frank D. Adams Inter-year track trophy, not competed for since 1910; the Inter-year Harrier Trophy, competition for which was last held in 1907; His Majesty's Theatre Inter-year relay cup, evidently forgotten since 1910; the M. D. H. L. Junior Cross-country championship, and several others. One of these worthy of mention is a cup presented by the class of '06 to be claimed by the first baby born to a member of that class.

Following are the individual awards:

LARGE BLOCK "M"

Rugby

Ambridge, D. W.; Gamble, S.; Robertson, C. W.; Little, L. P.; Fife, J.; Manson, A. V.; Crain, G. E.; Foss, D. B.; McGregor, D. C.; Woodruff, R.; Walsh, E.; Carroll, A. J.

Track

Kennedy, W. R.; Gaboury, M.; Hamilton, R. L.; Legg, R. E.; Johnson, D. M.; Hay, J. C.

Hockey

McNaughton, C. H.; Morrison, D. M.; McGerrigle, C. J.; Morris, W. D.; Flanagan, J. C.; Dempsey, G.

Swimming (special)

Vernot, G.

LARGE PLAIN "M" B. W. & F.

Large Plain "M"

Rumpel, G.; McDonald, A. F.; Snow, V.; Merrit, G.; Brewer, W. B.; Clement, H. W.; Montgomery, W. J.; Armstrong, A. V.; Freedman, E.

Skiing

Gravel, A. J.; Sherrard, E. A.; Whittall, R. W.

Basketball

Little, L. P.; Amaron, E. C.; Manson, A. V.; Mendelsohn, S. H.; Crain, G. E.; Turpel, W.

Tennis

Ramsey, C.; Douglas, P.; McDougall, M.; Morrice, D.; Brown, L.; Crocker, W. F.

Gymnastics

McKeyes, S. E.; Delahay, J. R.; McLetchie, J. K.; Rolleston, P. R.; Consiglio, F.

Swimming & Polo

Ross, J. B.; Laidley, W. H.; Graham-Browne, C.; Vernot, G.; Anson, C. M.; Munro, D. D.; Kyle, W.; Vickerson, G. L.

HOCKEY

Small Block "M"

Lynch, J. G.; Munroe, H.; Wyse, L.; Pinhey, W. H.; Bartlett, J. F.; McKendsley, G.; McLean, D. V.; Brewer, W. B.; Beardsley, C.; Bell, R. B.

A Numerals

Thompson, F. C.; Cope, C.; Galley, H.; Gordon, J.; Hyman, H.; Munro, D.; Code, H.; Johnston, H.; Abbot, A. C.

WATER POLO TEAMS OUT FOR HONOURS

Double-header to be Staged on Wednesday

CHAMPIONSHIPS

Seniors and Intermediates Are in Fine Form for Game With M.S.C.

The final workout of the Senior and Intermediate squads was held last evening in the Rubenstein Baths. This was the last practice before the double-header on Wednesday, in which the Seniors and Intermediates clash with the M. S. C. for the Dominion Water Polo Championship.

Every player of the Senior team was up to form. Vernot played his usual good game. He is a tricky handler of the ball and has no difficulty in finding the nets each time. He is accompanied on the forward line by Ross and Kyle. Ross is an experienced player as this is his third year on the Senior team. He and Vernot work some mighty fine combination plays. Should these plays be put into use on Wednesday they will keep the forward line of the M. S. C. busy. Kyle also proves a valuable man with the forwards, and his heady plays should keep the opposing team guessing. The defense is held down by Anson, and Forsythe. The former is a strong tackle and works well with Anson. His control of the ball is almost perfect. Jardine is keeping up his usual good form in guarding the nets.

The players of the intermediates were all out and showed up well and should put up a stiff fight against the M. S. C. Intermediates. Moore, Vickerson, and Nicholson play fine combination on the forward line and are ably supported by the rest of the team.

The game on Wednesday will be played in the new K. of C. tank. The Senior game against the M. S. C., which will be played immediately after the intermediate game, should prove interesting as it decides the Water Polo Championship of Canada. This title has not been in the McGill hands for many years and it is to be hoped Wednesday's game will find McGill men victors.

Coach Vernot expressed great satisfaction, as to the condition of the players at last night's practice.

B. Numerals

McCall, A.; McGillis, L.; Findlay, V.; Luxton, L. C.; Cave, A. E.; James, A.; Pollock, T. D.; Van Koughnet, E. M.; Ray, W. R.; Burroughs, R. E. Moran, T.; McLeod, R.; Stephens G. R.; Johnson, W.; repeau, L.

Another Coed: "You must stop using that terrible slang."

ENGLISH RUGBY CLUB MEETING

Proposed Trip to Halifax Next Season and Officers Elected

The annual meeting of the McGill evening in the Union at 5.30 with the President, Gilbert Wilson, in the chair.

It was announced that letters had been sent to Dalhousie Rugby Team and the Wanderers of Halifax, suggesting that next year they give a guarantee that would enable the McGill Rugby team to visit Halifax the Thanksgiving Day week-end and play off for the MacTier Cup.

After the financial report had been read and adopted, the election of officers proceeded. They were elected as follows:

Honorary Pres.—Professor T. Matthews.

President—P. R. Walter.

Vice- Pres.—MacLean.

Sec.-Treas.—Blundell.

Captain—K. Beaton.

Manager—J. Lochead.

A resolution was passed that candidates for next year's team should return a week before opening of term if possible, to get in training for a strenuous season because the Eastern Canada title will probably be challenged by the Montreal English Rugby Club, the Ottawa English Rugby Club, Varsity, Dalhousie and the Wanderers.

CODE INSTRUCTION FOR WIRELESS CLUB

That the Code Instruction Class is popular was evinced yesterday when the second Code Class meeting of the season opened with an attendance of fourteen enthusiastic amateurs. The class is progressing very satisfactorily and all are learning quickly and the speed is being gradually increased. It is to be emphasized that it is not yet too late to join these classes which meet weekly on Monday afternoons at 5 p.m.

The next meeting of the Association will take place next Monday at 5 p.m. when Mr. Runciman, Radio Engineer of the Shawinigan Water and Power Co., will give a very interesting talk on "Low Power C. W. and Radiophone Transmission."

The trip to the Northern Electric Co.'s Broadcasting station takes place this Wednesday at 5 p.m. The party will assemble in front of the Physics Building at this time. All are cordially invited to come along.

BASKETEERS PLAY M.A.A.A. NEXT WEEK

Double Fixture Week From Saturday

M.S.P.E. TO PLAY

Intermediate "A" and Juniors Play North Branch Y This Saturday

On Wednesday at 12 o'clock the tickets will go on sale for the M. A. A. A. vs. McGill Senior basketball game of Dec. 8th. This will be McGill's first game for this season and a big rush for tickets is expected. The M. A. A. A. gymnasium where the match will be played cannot accomodate a very large crowd and therefore the number of tickets is limited. Special prices are allowed to McGill Students and to members of the M. A. A. A.

$0.75 reserved seats are reduced to $0.55.

$0.55 general admission is reduced to $0.35.

The M. S. P. E. will play the M. A. A. A. Senior girls the same evening and a keenly contested game is promised. The M. S. P. E. team showed up very well last year and this year the team anticipates an even more successful season. This, their opening game of the season, should prove a feature of no small interest.

In the Senior game the McGill team will be up against worthy competition. The M. A. A. A. men were the runners up for the City Championship last year. They had two teams in the league, but this year these two have been consolidated into one team. On the other hand the team that will represent McGill is the same team with the exception of one man, that won the City Championship last year without losing a game, and which also won the Intercollegiate Championship.

Interest is running high over the coming game. It is the first opportunity the students will have of seeing their team in action; in fact it is the only opportunity they will have of seeing it, before the intercollegiate schedule opens. The men have been practising hard, under Coach Van Wagner and every confidence is held for their success.

This game is the first of a series of exhibition games to be played this season against teams in the city league. McGill is not entering a senior team in this league as it was found that they could not find time to play the necessary number of games in addition to the proposed American trip in December and the Intercollegiate schedule. Seven teams have already signed up for the City League.

On Saturday night of this week, Coach Doyle will take the Intermediate "A" team to North Branch Y. M. C. A. for an exhibition game. On the same evening the Juniors under Coach Manley will play an exhibition game against North Branch Juniors. Both McGill teams have shown up well and the games promise to be good exhibitions of basketball.

TRIP TO YOUVILLE FOR ELECTRICALS

Fourth Year Men Take Special Car at 2.10

At 2 o'clock this afternoon the Fourth year Electricals leave the Union on an inspection trip to the Youville Shops of the Montreal Tramways.

This trip has been arranged for, through the kindness of Dr. Herdt and the Tramways are acting as hosts and have provided seating accomodation for thirty persons in their special "Palace Chair Car." It is unfortunate that there will only be accomodation for the fourth year but Dr. Herdt has promised the third year a trip in the near future.

The Youville Shops are where the Tramways Company build, and repair cars and there will be many things to see, as the men will be shown the methods of armature winding and all kinds of motor work and will have an opportunity to see the inside of the controllers and all the devices the go to make up a street car.

The special car is scheduled to arrive at the corner of St. Catherine and University Sts. at 2.10 p.m. and it cannot be delayed, so everyone interested must be on time or be left behind. The students are leaving the Union at 2 o'clock sharp.

On Friday of this week A. Benjamin Science '24 is giving a paper before the Electrical Club and his subject will be armature windings. This will be of especial interest in connection with today's trip as it was at the Tramways shops that he gathered the information around which he has built up his paper.

FENCING CLUB GIVEN USE OF UNION ATTIC

The Fencing Club practice at the Field House yesterday afternoon was not as well-attended as usual. Silverstone, who is at the head of the Club, could not be present on account of having hurt himself at a practice a week or so ago. A foil had been left inadvertently pointing upwards in a box and Silverstone, in bending over, cut his ear with the point of the foil. It was at the time a mere scratch, but since developed into an infection.

Coach Raimondi announced that the attic of the Union had been placed at the disposal of the Fencing Club, and he wished the Club to decide whether it preferred the attic of the Union of the Field House. The concensus of opinion was in favour of remaining at the Field House, where the practises are now held, but no definite decision was arrived at. Monsieur Raimondi will bring the matter up at the next practice.

FINAL ARTS DEBATE AT UNION WEDNESDAY

On Wednesday, November 28, at eight o'clock in the Ball Room of the Union, at the meeting of the Arts Undergraduate Society the final championship debate of the Faculty of Arts will be held. It is to be between Arts '24 and Arts '26 on the following subject:

Resolved that the parliamentary system of government in Great Britain is more truly democratic than the presidential system of the United States. The affirmative will be taken by Arts '24, as represented by W. F. Kelloway and Bernard Cohen, while W. F. Shepherd and C. L. Copland of Arts '26 will uphold the negative.

Him: "New suit?"

He: "No, new roommate."

SCIENCE MEN CHARMED BY MR. MARIOTT

Distinguished British Engineer Met Undergrads. Yesterday

"TRUST NOBODY"

Informal Talk Was Divided Into Three Main Topics

Science students were given an opportunity yesterday to hear Mr. Mariott, the past president of the English Mining and Metallurgical Society, but the notice of the meeting at five o'clock was so short that less than a hundred men were present. Mr. Mariott is on his way home to England after a visit to Australia. At noon he addressed the Canadian Club members, and only after that did the possibility develop of his talking to the Science men.

Dr. Porter briefly introduced the speaker, characterizing him as a most distinguished Britisher and a world-famous engineer.

Mr. Mariott's talk was delightfully informal, consisting of three stories of particular interest to the miners, the Electricals and the Mechanicals, and to the Civils, respectively, and a word of general advice to all which could be summed up in the brief caution—"Trust nobody!" This it was explained, was just to forcibly remind young engineers that if responsibility is their lot, then it is dangerous to rely upon the work of anyone other than themselves.

The story of the miners consisted of an account of an assay which Mr. Mariott was asked to make on a property in South Africa upon which an important financier and a well-known mining exper. had submitted glowing reports. Mr. Mariott found the that the quartz formation had been cleverly "salted,' and three months arduous work confirmed this judgment to the satisfaction of the exploiters.

The story for the Electricals and Mechanicals was a detailed account of the automatic power plant installed at Mr. Mariott's home, by an electrical genious named Walker. The plant runs for months without attention other than the replenishment of the oil fuel supply. The same principals have been employed in the outfitting of automatic radio stations which are being established along bleak coasts to replace the old-time lighthouses which required the presence of a staff for proper operation.

The final story—that to the Civils—was a description of the process of cementation used in the mines in Europe to enable shafts and headings to be driven through bodies of water and quicksand which present almost inpenetrable barriers to the usual methods of shaft-driving.

The men applauded Mr. Mariott heartily, and Dr. Porter expressed in words their appreciation of the speaker.

AMERICAN CEMETERIES

Major R. L. Foster's report of the work which is now going on in the American cemeteries in France has political as well as sentimental significance. The details, though interesting and necessary, are unimportant to the average American citizen. It really makes little difference whether the monuments be simple slabs, or Italian crosses; whether the graves be overlooked by chapels or water tanks. Work is being done— that is all that counts.

Purely as memorials to the dead which they contain, the cemeteries require attention. But they are more than memorials; they are American Claims on France's affection. Neglected graves are soon forgotten but fresh, well cared for ones can never be. Thirty thousand headstones, tended by native Frenchmen, should do more toward promoting peace than a dozen disarmament conferences. Major Foster says, ". . . Nothing could be more impressive than the peaceful effect of the modest white stones showing against the green turf under the shade of protecting trees." It is the French, not the Americans, who will be the more impressed. They will have the reminders always before their eyes.

W. S. C. Has Press

Washington State College (P. I. N. S.)—The new $6000, printing press, installed last summer, is now in operation and the first job, a college bulletin, has been completed. The machine, a new Babcock, is considered the best obtainable. It will handle all the college printing work in the future.

Y. M. C. A. at Willamette College at Salem, Oregon, staged the "Blue Triangle" pageant. This has been an annual affair given by the Y. W. C. A. and has for its purpose a message to convey across the seas that every girl in America and the foreign countries should look to the Y. W. C. A. as a gleaming torch of comradeship and knowledge.

Wise One For Today

"This is the hit of the year" said the sexton as he tolled the church bell at midnight of new year's eve.

—Amarra El Toro

THE THREE NUTS

The Three Nuts admit with humiliation their first defeat. After widely publishing their willingness to answer any question, they have to acknowledge their inability to find a suitable remedy for the troubles of Mr. Fitzfeel. His letter, which is referred to readers, is published below.

Dear Three Nuts: I am a very poor but honest student, a model in every way. The other day I was playing in a most important indoor-baseball game against a team of young ladies. Our nine was playing left-handed, I being on first base. A dashing and rather hefty opponent, when sliding for first mistook me for the sack, landed on my hand and dislocated my three most cherished fingers. Now, sirs, I am aware that a heart once crushed is beyond mortal aid, but what is the medical opinion in connection with fingers? Shall I sue for amages, or demand a letter of introduction? In the case of a return match, would I be expected to retaliate in kind, or to kiss her fingers? This is really a question of vital importance as I am unable to allow any of my many fair admirers to hold my hand, much less squeeze it, I am suffering in consequence. What am I to do?

Waiting for help
Clarence Fitzfool.

LOST & FOUND

LOST

Leather-bound, loose-leaf note book, left in Chemistry Building last Friday afternoon. Finder please return notes to Janitor of Chemistry Building.

LOST

A black leather note book with history notes. Finder please return to J. Foster, R.V.C.

LOST

A McGill ring, between Redpath Library and Milton Street gate. Finder please leave with R.V.C. porter.
M. Ratner.

FOUND

Fountain pen, found in room 105, bearing name F. E. Williams. Apply S. Mintzberg, Arts '26.

Nippy Larche says that stealing a kiss isn't petty larceny. It is grand.

4,000 At Branch

Enrollment at the Southern Branch of the University of California, which is in Los Angeles, reached the 4000 mark a week ago last Thursday.

Last year the number of students entered was approximately 3200. The addition of a third year in the College of Letters and Science is considered responsible for this increase in enrollment.

The attaining of the third-year course and this increase in the number of students have prompted the faculty and the student body to greater efforts in obtaining a complete four-year course in general college work.

Trinity College has passed a regulation forbidding hazing in any form. Their model is of the English system, and Americanization of the college is discouraged by the faculty who maintain that the individual is destroyed by hazing, and that freedom from distraction is necessary to be successful in the examinations. E. H. F. Stone, Dean at Columbia University Law School has resigned his office. President Butler regrets the loss of the Law School, and accords the retiring official high praise. Dean H. F. Stone is a noted jurist. He is retiring from college to go into private practice.

LA GENERATION PRESENTE

I looked upon the shady oaks
Friendly shelters of carefree folks
The rounded knoll where oft I'd sat
With a pretty girl for a friendly chat.
'Twas twenty years now since I'd seen
Familiar oak trees, familiar green.
I stood and thought of years gone by
When oft we'd sat and told a lie
She said she'd wait. I said I'd die
For her.
Her face was pale, her hair like gold
She'd laugh at me and call me bold
When oft I touched her hand.
Her skirts were dark, but long and neat
And 'neath the hem, her dainty feet
Seemed scarce to touch the ground.
And nights we'd sit before a fire
I often said, (I was a liar)
I loved her.
That all was twenty years ago
I though I'd see her now and go
I searched each face that hurried by
I looked at them and then I'd sigh.
The skirts no longer long and neat
Showed an expanse of King Tut feet.
The hosiery was checked and loud
How can observers see a cloud
With such a view?
They all ate apples on a stick
And talked so loudly of Bill and Dick
I could not find that pretty face
Were these the girls who took her place?
The thought of it made my heart sick
I sat on the grass—and a lollypop stick
Illusions break! Adjust my brain!
I jumped beneath a passing train.

DELTA SIGMA DRAWS RULES FOR DEBATES

R.V.C. Team Leaves for Contest This Friday IN KINGSTON

Co-ed Editor of "Daily Elected to Support Locals

The election of a supporter to accompany the R. V. C. Intercollegiate debates was held yesterday at a meeting of the Delta Sigma Society. As the president of the Undergraduate Society, Miss Phyllis Murray, felt that she was unable to accept the nomination, the election lay between the Vice-President of the Delta Sigma Society, the President of Fourth Year and the R. V. C. editor of the "Daily". Voting by ballot took place and the "Daily" editor Miss Hay, was elected.

The rest of the meeting was taken up with the reading of a constitution, proposed by the Delta Sigma, for a Women's Intercollegiate Debating Society. This constitution consists of six clauses, the first two of which deal with the name and object of the society. The third clause states that the membership shall consist of any undergraduate in good standing at the universities which form the intercollegiate society, namely, Queen's, McGill, and if possible, Toronto. Provision is made for the offices of the society in the fourth clause which states that the president of the home team's debating society shall be the president of the society each year.

There is to be a secretary from each university who is also the secretary of the literary and debating society already existing in each university for women. The duties of the officers are defined in the fifth clause and the sixth deals with the conduct of the debates. In this it is ruled that yearly debates shall take place before Christmas, and in rotation at each of the universities concerned. Two subjects for debate shall be submitted by each team, and agreed upon by all the competing teams; of these the home team shall choose the single subject for debate and the visiting team shall choose the side. There shall be three judges at least one of which shall be a woman. The time for each speech is limited to twenty minutes except for the rebuttal by the leader of the affirmatives which shall be seven minutes. The remaining sub-clauses deal with the choice of teams etc.

The debate this year will be held on Friday November 30th at Kingston and the R. V. C. debaters leave on Thursday morning.

DIRGE

By a 1923 Graduate in Dentistry

Here I sit and sit and sit,
Waiting for a patient.
Doing nothing and can't quit,
Waiting for a patient.
See the people on the street
Hurry to a place to eat—
Board bill's due that I can't meet
Waiting for a patient.

Many times I've scanned these walls
Waiting for a patient.
Reading, writing, thinking palls
Waiting for a patient.
Kipling's "Boots" may tell a tale—
Little things make strong minds fail.
This makes soul and body quail;
Waiting for a patient.

Time was when I longed to be
Waiting for a patient.
In my office—fearless, free,
Waiting for a patient.
Yes, Sir free now all the time—
(Board and room's not) it's a crime:
Tel sees other men while I'm
Waiting for a patient.

Never think, my friend, that I,
Waiting for a patient.
Give up hope and long to die
Waiting for a patient.
I believe that old remark:
"Light must always follow dark."—
All good dentists have to start
Waiting for a patient.

—"Trachs," Shelby, O.

WANTED: A DAILY DOZEN

A student slouched low in a rear seat of a history class. Class discussion was going over his head. He had always been inattentive towards current events, and he had not read the news columns of the daily papers.

"Europe in 1923" was the subject assigned to the class. And for his lax contributions to the discussion the Student-in-Question received an "F" for the day.

The Student-in-Question next went to a political economics class. Here, because he could write nothing adequate on a current events quiz, was again given a low mark.

The progress of the Student-in-Question from class to class was marked by a string of unsatisfactory grades. He sat uninterested and unlistening throughout class when current subjects were brought up.

Had the Student-in-Question applied the principles of the "daily dozen" to his need for enlightenment on subjects of the day, he could have entered into class discussions and enjoyed them.

Had he spent 30 minutes each day in the periodical room of the Library he would have been better equipped to enter his classes. He would have had a wider range of interest, a more alert outlook on life, and in the end, better marks, and certainly a broader knowledge of and better feeling for his fellow men.

Minnesota Daily.

AT THE IMPERIAL

"A Carnival of Venice" features the sprightly bill presented at the Imperial this week. Soft silver moonlight, lovers, serenades, merry carnival and romance are skilfully blended by the unusually clever caste personally selected and led by Mlle. Dunstella. The merry strains of the accordions are accompanied by the quaintly plaintive quavers of the shepherd's horn of Italy—a pleasantly novel combination in our modern day. Skirts of pretty peasant women swirl bewitchingly, feet twinkle, tambourines clash rhythmetically—all are set a-tapping. The "Carnival" is one of the best things in weeks.

Byron and Haig, Jean Scheviller and the Dancing MacDonalds carry on—and most successfully. Special mention is due Valentine Vox, Ventriloquist extraordinary, with his partner "Buttons." Ventriloquist duel singing, laughter, whistling and reparte hold the audience spell-bound, and the spell is only broken by vociferous applause. Then too there are the two black face comedian-partners billed as Fenton and Field, as merry a couple as ever volleyed good jokes over footlights. Skilled sopgsters, splendid dancers, clever comedians they succeed completely if success is to be measured in tumultous hand-clapping.

Finally the reviewer would say that in the selection of "Hell's Hole" as a feature film presentation the management of the Imperial have made no mistake. Not the usual dreary treatment of the "bad man of the border" but a cheerful, cheery, imaginative, happy-go-lucky picture glimpse of what we all long for in our hearts. Charles Jones and Ruth Clifford are starred.

Prof: "So you called me an educated donkey, did you?"

A. C. Kidd: "No, sir. I merely remarked that you were a burro of information."

GOVERNMENT PLATFORM IS ANNOUNCED

(Continued from page 1)

tries from unfair competition, securing of revenue and fostering of Inter-Empire Trade and reduction of cost of living wherever possible:

Railways: A closer co-operation between the C. N. R. and the C. P. R. toward

1. Obviating unprofitable and superfluous competition in certain districts.

The amelioration of service in other districts where better service is needed. Steps will also be taken toward the abandonment of unprofitable and unnecessary side-lines.

Careful rivisions of the pay-roll and other expenditures.

Imperial Defense: A sound policy of Naval and Aerial Defense Department of the Interior:

The adoption of vigorous means toward the conservation of our forest reserves with particular attention being paid to the alarming and rapid depletion of our wood-pulp.

TRAVELLER WILL ADDRESS McGILL MEN

(Continued from page 1)

with Dr. John R. Mott in conducting meetings for students throughout Asia. In June 1911, he returned to China for an extended campaign among the student and official classes there.

During the early years of the war, Mr. Eddy was with the British Army in France, and, during the closing years, on the American, British, and French fronts. Since the Armistice, his regular work has taken him across Egypt, Palestine, Mesopotamia, and Turkey, through the stricken countries of Europe and around the world.

He has just returned from Europe and brings to McGill students a message of real interest. He has been in the throbbing centres of political, industrial and social life of Europe and Asia, interviewing statesmen, political and industrial leaders.

In years filled with untiring activity, time has been found for useful authorship; beginning with his "Supreme Decision," there followed his books on "The Awakening of India," "The New Era in Asia," "The Students of Asia," "With Our Soldiers in France," Everybody's World," "Facing the Crisis," and his latest book, "The New World of Labour."

Mr. Eddy speaks in Strathcona Hall, Wednesday afternoon at five o'clock.

The Old Ones Are the Best

In this family there was an incredible number of small children. Little Willie, aged six (and he had five younger brothers and sisters) was taken one morning to see his father, who happened to be laid up with influenza. Little Willie was quiet, almost reverential, in the sick room. When it was time for him to go he went up to his father's bedside and said:

"I bin good, ain't I, Pop?"

"Yep, son," wheezed the old man.

"Then, Pop," coaxed little Willie, "kin I see the baby?"

Volante.

NOMINATIONS

¶ Nominations for the Faculty representatives of the Students' Council should be in the Office of the Secretary on or before 6.00 P.M. Thursday, November 29th, 1923. Representatives shall be elected from the Junior Year of each Faculty,—Science, Law, Arts, Medicine and Dentistry.

¶ Nominations must be signed by at least ten members of the Faculty which the Nominee represents.

¶ Elections to be held by the Faculties on Monday, December 10th.
